

ECO  AIR

***The International Fair of Environment and Natural Resources Protection – EcoFair,*** is the largest and most representative gathering of its kind in the region.

It has a business-educational character and is dedicated to environmental protection systems and mechanisms, with a special emphasis on "Circular" and "Green Economy," recycling industry, waste management, municipal technologies, nature conservation, and protection of natural resources from pollution.

**EcoFair** brings together various stakeholders from the environmental protection system - institutions, equipment manufacturers, distributors, recyclers, operators, landfills, local self-governments, municipal companies, waste generators, and the expert public.

The focus of this event is on financing and managing projects in the environmental sector, investment projects and waste management, purification and management of wastewater, industrial safety, and domestic legislation related to these issues.

The essence of the entire agenda of this fair event is the promotion of environmentally friendly behavior as a way of life.

The exhibition and the accompanying expert program of this event cover all segments of environmental protection: land, air, water, natural resources, recycling, ecological service stock exchanges, local self-government, municipal equipment, and the non-governmental sector dealing with environmental protection...

# Commodity groups

- WATER
- AIR
- LAND

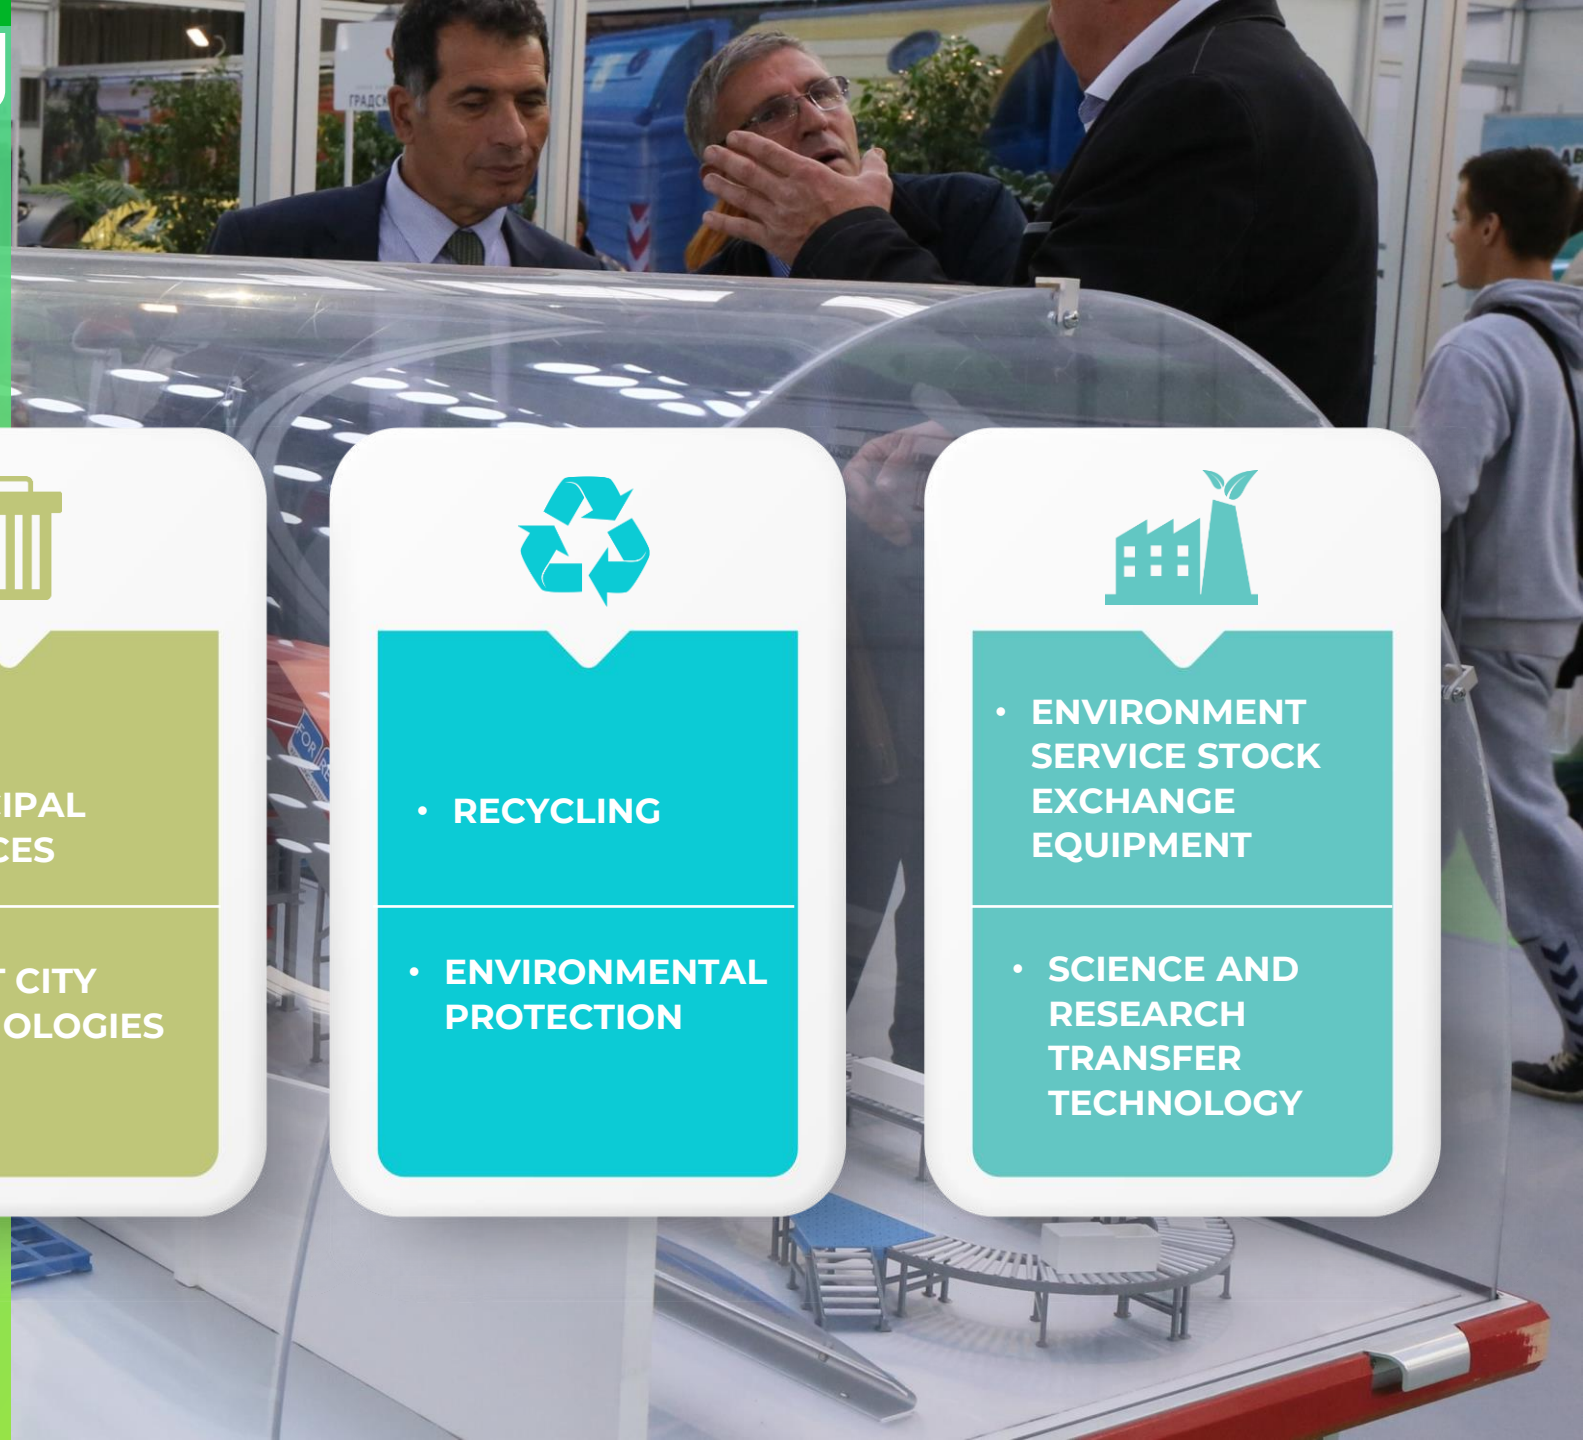

- MUNICIPAL SERVICES
- SMART CITY TECHNOLOGIES

- RECYCLING
- ENVIRONMENTAL PROTECTION

- ENVIRONMENT SERVICE STOCK EXCHANGE EQUIPMENT
- SCIENCE AND RESEARCH TRANSFER TECHNOLOGY
